Disclaimer

The consensus figures appearing in the above tables are the arithmetic averages for each financial item of the estimates Deutsche Bank received from research analysts. To enhance comparability among the divergent methods employed by various analysts that cover Deutsche Bank in preparing their estimates, Deutsche Bank requested the 19 analysts that, to the best of Deutsche Bank's knowledge, cover Deutsche Bank via written research reports on a regular basis to provide their estimates for each of the line items appearing in the table.

Of these analysts, 13 have provided estimates in the format requested, and Deutsche Bank included the estimates of all of these analysts to arrive at the consensus figures in the table above. Deutsche Bank excluded submissions or parts of submissions that were incomplete, but included top-level figures where analysts elected not to provide the more detailed levels of figures. Figures are only shown in case 8 estimates have been provided for an individual figure.

Estimates remain in the consensus calculation for 2 months, unless they are updated, before they get excluded. This may result in the consensus figures above not (immediately) reflecting the latest market information and developments. Readers should therefore not assume that the consensus figures represent exactly the current market sentiment. The average and median age of estimates is shown on each slide of this document.

The opinions, estimates, forecasts and recommendations of analysts, and the consensus information appearing above derived from them, regarding Deutsche Bank's performance are those of the analysts alone and do not represent opinions, estimates or forecasts of Deutsche Bank or its management.

By presenting the consensus information above, Deutsche Bank does not endorse or concur with any of such analysts' opinions, estimates, forecasts or recommendations. Deutsche Bank has not verified any of the information it has received and none of Deutsche Bank, its affiliates or their respective directors, officers and employees make any representation or warranty, express or implied, as to, or accept any responsibility for, the accuracy or completeness of the consensus information or otherwise endorse or concur with any of the consensus information.

Deutsche Bank does not assume any responsibility to update, revise or supplement such information. This consensus summary is being provided for informational purposes only and is not intended to, nor does it, constitute investment advice or any solicitation to buy, hold or sell securities or other financial instruments.
