# Glossary and footnotes

- 1 Definition of independence: A Supervisory Board member is independent when there are no personal or business relations with Deutsche Bank or its Management Board that may cause a substantial and not merely temporary conflict of interest. Back in 2017, the Supervisory Board issued guidelines for the consistent assessment of the independence of its members, and these also take into account the regulatory requirements on independence.
- 2 Definition of no overboarding: All Supervisory Board members hold an admissible number of board directorships in various companies in addition to Deutsche Bank AG. Overboarding, i.e., holding an inadmissible number of board directorships in different companies, is determined on the basis of the statutory regulation in Section 25d (3) of the German Banking Act (KWG). A Supervisory Board member may concurrently be a member of the supervisory body of a maximum of five companies (including Deutsche Bank AG). If a Supervisory Board member is also an executive director of a company, this Supervisory Board member may concurrently be a member of the supervisory body of a maximum of three companies (including Deutsche Bank AG). The decisive factors for determining if this is the case are the supervisory authority's regulatory requirements in consideration of the local laws. Compliance with this statutory regulation is continually monitored by the regulatory authorities. In the event of directorship overboarding, the supervisory authorities may require that Deutsche Bank AG revoke a Supervisory Board member's appointment and prohibit this Supervisory Board member from performing his or her work.
- 3 Educational backgrounds: Only a selection is presented. All educational backgrounds can be found in the members' CVs.
- 4 International experience: Describes whether members have worked professionally outside Germany.
- 5 Regional expertise: Professional activity in region or professional experience with clients from the region.
- 6 Audit Committee Financial Experts as such term is defined by the implementation rules of the U.S. Securities and Exchange Commission issued pursuant to Section 407 of the Sarbanes-Oxley Act of 2002.
- 7 Expertise in accordance with Sections 107 (4) and 100 (5) of the Stock Corporation Act (AktG) and Section 25d (9) of the German Banking Act (KWG).
- 8 Compensation Control Committee Compensation Expert pursuant to Section 25d (12) of the German Banking Act (KWG).
